Our Virtual Planning for Success Workshop

There are endless ways to improve your results. Planning for Success is your opportunity to learn best practice in a highly supportive virtual group format with up to 20 non-competing businesses. These virtual workshops allow you to take time out from the day-to-day operational activities in the business to focus on improving your business.

If you're struggling to find time to achieve the important things, feel overwhelmed and unsupported in your role as business owner, and want to implement proven and practical improvement strategies, we recommend you join this programme.

You'll attend monthly virtual workshops, where you'll:

Learn topical business insights, including how to systemise and grow your business, increase cashflow, manage change, improve team performance

Identify the most important milestones to complete in the next month

Clarify specific and time-bound actions you will take to achieve those milestones

Be held accountable to completing your actions and achieving your goals

We hold our Virtual Planning for Success workshops regularly. Please get in touch for details of our next start date.

By attending our Virtual Planning for Success workshop programme, you'll:

Identify, prioritise, and define your key goals

Set timeframes for your goals and be held accountable to achieving them

Implement a Quarterly Action Plan to be reviewed monthly

Learn how to communicate the vision and business goals with your team to improve engagement

Achieve sustainable business growth

Gain better control of your business

Our Virtual Planning for Success workshop programme is designed to help you gain control of your business, access a valuable network, and unlock your true potential.
